RURAL LAND WITH RUIN, ALJEZUR

Aljezur

Detailed description

Attractive 6.1 hectares of land with a registered ruin of 126m² with the opportunity to rebuilding up to 300m²

Located in a very tranquil area, a paradise for many species of birds, and only five minutes driving from the town of Aljezur with easy access by a pavemented road.

The property features strawberry trees and cork trees and an extended vegetable garden area of around 1800 m². The water is from a stream and there is no electricity, although it is available 300 meters away at the neighbouring agrotourism.

This is a great opportunity to build a rural family home or a tourism project since it is situated less than 4 km from the centre of the town where it is possible to find all services. It is also less than twenty minutes driving to the best beaches in the region, Amoreira, Monte Clérigo and Arrifana.
