Detailed description

This splendid property with 3,880m2 of land is situated in the Costa Vicentina Natural Park, approximately 2km from the stunning Zavial and Ingrina beaches, just 10 minutes from Sagres and 30 minutes from Lagos.

Built in 2013, the house is surrounded by a magnificent garden, with picturesque paths lined with stones, several flower beds, olive trees, varied leisure areas, a charming fountain and a lawn with a raised platform to enjoy the breathtaking views over the hills and valleys.

With 128m2 of private area, the villa is completely south-facing and spread over 2 floors.
On the ground floor, there is a cozy entrance hall, an open-plan kitchen and living room, a bathroom and a wooden staircase leading to the first floor. The living room, lit by 2 large windows, offers not only all-day sunshine but also a magnificent view of the hill. This floor also has 2 stoves that heat the whole house.
On the upper floor, a large hall leads to a bathroom and two bedrooms, both with access to a spacious terrace where you can relax to the melodious sound of birds.
Two terraces, one of them covered, complement the house's outdoor space, providing splendid opportunities to enjoy the mild climate.

The property also has additional features such as a storage room, double glazing, wooden ceilings, solar panels for water heating, a septic tank and a borehole.
